

# Make inventory management the easy part

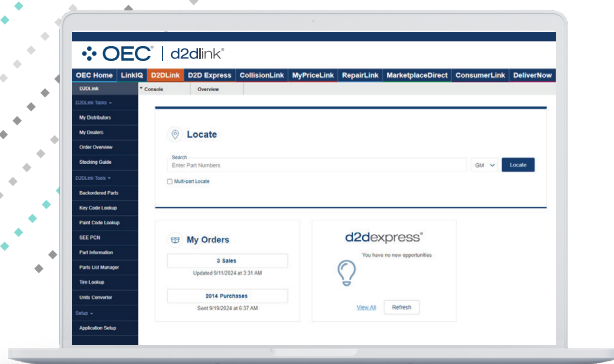

## D2DLink is more than just a locator.

D2DLink is fast and robust, helping you better manage your daily parts needs! With D2DLink, you can turn to one solution to buy, sell and manage just-in-time part needs – increasing efficiencies, customer satisfaction and profit.

- Automated selling opportunities for your discounted parts
- Quick visibility to make better stocking decisions
- Access to the freshest inventory in the industry

## Buy/Sell Discounted Parts

- Manage discount rules in three simple steps
- Increase profitability by moving aging and excess inventory
- Streamlined workflow to create protected parts lists
- Protect OEM program-eligible parts from discount rules
